Urgent Bulletin

Pool and Gardening Services Agreements 2019

Your Board members were not consulted about the draft Gardening and Pool Services contracts which were circulated by CC only on 21 December. It was a CC initiative to introduce these contracts, which were stated (on 9 November) to be flexible and negotiable to each Owner's specific situation. Considering this six weeks delay, the HOA Board advises our Members not to feel rushed to sign these contracts this month, but to take their time to discuss and agree their specific requirements.

Incidentally although CC has contacted individual Owners, HOA has also not yet received any further communication from CC about their proposals for WiFi in 2019."

Seasons greetings!

Your Board
